DOWN THE MEMORY LANE

Technical, Management and Literary Fest on 25th and 26th February 2016

A Technical, Management and Literary festival 2016 was organized by Dr. APJ Abdul Kalam Technical University, Lucknow for which Rakshpal Bahadur College of Engineering And Technology, Bareilly was entrusted with the responsibility of organizing the event at Zonal level on 25th and 26th February 2016. During these two days, there were total of 10 Technical events which included Circuit Design, Algo Designing, Designing using AUTOCAD, Line follower & Maze solving, Manual Robotics, Business Plan, Ad making, Hindi Debate, English Debate and Entertainment Quiz. In the aforesaid events hundreds of students from more than 40 colleges over 4 districts namely Bareilly, Moradabad, Sitapur and Shikohabad showed their talent. The events were started with inauguration by our esteemed Executive chairperson Mrs Veena Mathur along with the blessings of our Managing Director Er. Navin Prasad Mathur and Director RBMI Dr. Neeraj Saxena. Out of 10 events there were six events successfully conducted on the first day; students showed their talent in circuit designing, Line follower & Maze solver, Designing using AUTOCADD, Business Plan, Hindi Debate and English Debate. In the event of Circuit Designing many students made efficient and accurate circuits which were highly appreciated and on the other hand in Maze Solving event robots were made who could automatically follow the path. Students also designed the mechanical parts using the designing software AutoCADD and showed their perfect strategy in the event of Business Plan also. The students showed their complete confidence in Hindi and English Debates. The Day one was concluded with the Prize distribution ceremony by Chief Guest Mr. KP Johri and Honorable Directors Dr. Vineet Agarwal, Dr. Ashish Mishra and Dr. Rajesh Verma in which the top 3 Rank Holders from all the events were awarded.

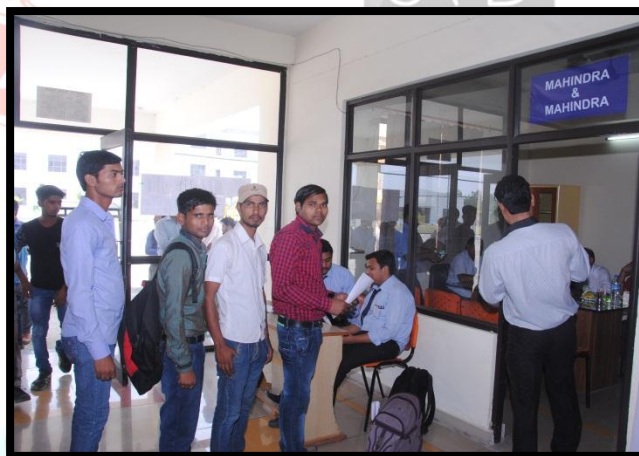

On the second day the students from various institutions again participated with the same spark. In Algorithm design students showed their talent by solving the problems with the help of computers. In the event of Ad making various attractive ADs were made and in Entertainment Quiz there was quiz of various interesting

general questions. Among all these events the center of attraction of the day was Manual Robotics event in which the spectators witnessed the race between the robots. In the evening this sparkling event was finally concluded with the prize distribution ceremony by our Executive Chairperson Mrs. Veena Mathur and Er. Navin Prasad Mathur followed by the vote of thanks by our Honorable Directors Dr. Neeraj Saxena (Director RBMI), Dr. Rajesh Verma (Deputy Director RBMI), Dr. Vineet Agrawal (Director RBCET), Dr. Ashish Mishra (DSW) and Zonal Head Co-ordinator Er. Rajeev Pathak.

From all the above events the first rank holders of each event qualified to take part at the state level in ABES, Ghaziabad.

Placement Fair -2016

7th June, 2016

RBMI organized its 11th Placement fair on 7th of May, 2016. This season saw a healthy mix of companies from different sectors such as E-Commerce, Manufacturing, Pharmaceuticals recruiting for their sales and marketing functions. Companies offered pre-placement interviews to the students based on their outstanding performance. 42 companies offered 510 jobs at RBMI campus.

In this placement fair 2100 students from Dehradun, Haldwani, Moradabad, Rampur, Saharanpur, Meerut, Ghaziabad, Noida, Shahjahanpur, Sitapur, Lakhimpur, Lucknow, Banaras, Jaunpur etc. had participated. 510 students got selected from these cities and majority of students got selected from Rakshpal Bahadur Group of Institutions.

Executive Chairperson of RBMI Mrs. Veena Mathur, Director – Dr. Neeraj Saxena, Managing Director Er. Navin Prasad Mathur gave their blessings to the selected students and motivated the other students to make better efforts in next placement fair.

A motivational lecture organized by Rakshpal Bahadur Group of Institutions on “Success mantras” on 17th February 2016

Rakshpal Bahadur group of Institutions organized a motivational lecture on the theme “Success mantras” on 17/2/2016. The famous motivational speaker Him-eesh Madaan in his presentation focused on the fact that students should have positive approach in life.

The program was inaugurated by managing director of institute Er. Navin Mathur, Dr. Neeraj saxena, director of institute. On this occasion Mrs. Veena Mathur, Executive Chairperson of the Institute, while addressing the students

emphasized that, it's the memory of the student that makes him sharp or dull in his life.

Mr. Him-eesh Madaan shared his views and also gave an example of Microsoft owner Bill Gates that success is not achieved in one night; it needs a lot of devotion and continuous hard work. He also said that each student should have big aims because bigger will be our aim more effort we will put in to achieve it.

Dr. Neeraj saxena, Director also talked about the importance of professional education. It gives better opportunities to students in their career. The session ended with the giving away of memento to the guest speaker by the Director of Institute Dr. Neeraj Saxena.

Dancing festival -2016

Dancing festival -2016 was celebrated in a grand way by the students of RBMI in its campus on 23rd of April, 2016. As part of this cultural fest, back to back competitions were conducted in various categories such as group dance, Solo dance, duet dance. Singing saw enthusiastic participation from large number of students. The fest was inaugurated by Mrs. Veena Mathur – Executive Chairperson of RBMI, Managing Director, Er. Navin Mathur , Director Dr. Neeraj Saxena, Dr. Vineet Agarwal, Dr. Ashish Mishra by lightening the lamp in front of Goddess Saraswati.

“Art is an opportunity to express opinions in a subtle manner” Director Dr. Neeraj Saxena welcomed the gathering, encouraging students to participate with a spirit of healthy competition. He applauded their excellent coordination. After lighting of the lamp and the prayer song, a series of competitions were followed. On this day exuberant students participated in a myriad of competitions. Competition was stiff and judges had difficult time choosing winners. The winner of group dance was Angel

group from B.Pharm. Crackers Group from BCA. Princy and Priya from B. Pharma won 1st prize in duet dance. Arti & Nikhil from BCA got the second Prize and Shivani & Anoop from B.ed achieved third position, the winner of solo dance were, Vatsal from BBA, Sara Tasleem from B.Tech, Arifa from B.Pharma. In the singing category the winners were Abhay, Karishma and Arbaaz. This competition helped foster

friendly relations between students of different courses and branches. With thunderous applause rented the night sky, Director Dr. Neeraj Saxena delivered the vote of thanks to conclude the fest.

RBCET Seminar

RBCET organized National conference on 5th of April 2016. The theme of the conference was "Engineering trends in the light of **make in India**." The proceeding were started with saraswati vandana and lightening the lamp. The program was inaugurated by Mrs. Veena Mathur Executive Chairperson RBMI group of Institutions, Mrs. Sandhya Gupta and Mr. Surjeet Sen Gupta from USA. The key note speaker of the event was Er. Amit Asthana (Project Officer - Punjab & Sindh Bank) and Er. Sunil Verma (Engineer, Door Darshan Kendra Bareilly). Dr. Vineet Agarwal - Director RBCET presented an overview of conference and enlightened the recent trends and technologies of MAKE IN INDIA. Dr Neeraj Saxena Director RBMI presented his views on Success Mantra for the students of professional course. The key note speaker Er. Amit Asthana explained the importance of rapid prototype concepts and Er. Sunil Verma focused on the importance of global positioning system. In the second session students of RBCET gave the impressive presentation on various topics- Li-fi, virtual reality, optical and fiber

communication, and earthquake resistance building. At the last phase of this session Er. Navin Mathur presented memento to the eminent speakers. A vote of thanks was given by Er. Rajeev Pathak Assistant Director RBCET.

NATIONAL SEMINAR

Seminar on Matching Innovations with core competencies - A smart way of success 12th March 2016

The seminar focused on the following issues:
Innovation which focuses on CRM Indian core values & changing world economics order Paradigm shift in marketing strategies Corporate strategies with focuses on HR The key speaker of seminar Prof. Amit Mittal, Deen Chitkara University, Chandigarh, Mr. N.S Chauhan, Group General Manager, IGL Ltd. Kashipur, Prof. Sanjay Medhavi, Lucknow university, etc. Highlights the practical application & issues relating to the core competencies.

Guest Lecture on “Future Opportunities for Pharma students in Pharmaceutical Marketing” Date 11th February 2016

RBCP conducted guest lecture on “Future Opportunities for Pharma students in Pharmaceutical Marketing” for the pharmacy students. The key speaker of the session was Mr.

Shobhit Srivastava, Production Manager of Agra zone from Alembic Pharmaceuticals. Mr. Shobhit shared his views and explained about the role of pharmacy graduates in the product Management team. On this occasion Dr. Vikas Saxena (Director of RBCP) said that students should strongly focus on developing their communication skills and personality if they want to enter the marketing field.

Action Research Workshop 18th February 2016

Rakshpal Bahadur Teacher Training Institute Bareilly organized a workshop on Action research on 18 February 2016 at Seminar hall of the institute. Resource Person of the workshop was Prof. (Dr.) Santosh Arora, Department of Education, Faculty of Education and Allied Sciences, MJP Rohilkhand University, Bareilly. The workshop was inaugurated by Prof. Santosh Arora, Er. Navin Mathur, Managing Director, RBMI, Bareilly and Dr. Amita

Bhatnagar, Head, RBTTI by lighting the lamp and garlanding Maa Saraswati. Er. Naveen Mathur welcomed to Prof. Santosh Arora by presenting a bouquet. This workshop meant for trainee teachers, teacher educators and school teachers. The workshop was focused on the rigorous training sessions along with group activities for designing Action Research Project. In the morning, technical session participants learnt about the theoretical aspects of Action Research and during second technical session they designed an action research plan in group as Prof. Arora gave an artificial classroom problem to participants and guided them to find the immediate solution of such problem through action research. At last during third technical session participants presented their findings and resource person Prof. Santosh Arora gave feedback to the participants about their action research plan and findings. In the valediction ceremony Dr. Amita Bhatnagar presented a memento to Prof. Arora and vote of thanks was given by Mr. D.K. Sharma.

New product development competition 19th February 2016-

In association with RMA, Management Deptt. Organised NPDC, in which student of management colleges of Rohilkhand Region participated with their new product development idea. Judgement committee member & chief Guest, Mr. K.B Agarwal, President RMA, appreciated the efforts of RBMI for organise such event.

In this competition 20 teams of different colleges, participated. The first prize was won by RBMI-MBA students Ayesha & Garima Saxena.

AUTOCAD Workshop

A six days workshop of mechanical design software was successfully conducted by CADD centre Bareilly from 18-Feb-2016 to 24-Feb-2016. The students has enriched their knowledge about the technical knowhow of the software, its importance and future scope. Students have gone through the concepts of Scaling, drafting and designing of 2D & 3D models.

Workshop on SPSS for MBA students 10th February 2016

Workshop on SPSS was organized by MBA department. The key speaker, Dr. Pankaj Agarwal, elaborates the concept & the practical application of SPSS. Students were given exposure of Data Analysis & Management research. They learned tabulation, cross tabulation, Calculating percentage. Making chart and graphs.

Guest lectures on International Business by Mr. Nautiyal, IFFCO Ltd. 24th February 2016-

A guest lecture was organized by Management Deptt. The key speaker was Mr. Nautiyal, Consultant international business, retired from IFFCO Ltd. He told the students about import & export procedures.

Speakers Highlighted The Focus On Agriculture, Direct Taxes In Indirect Taxes.

Penal Discussion of Budget- 2016 01st March, 2016

A Penal Discussion On Central Budget 2016 Was Organized By Management Deptt. In This Discussion, CA Rajan Vidyarthi, CA Kapil Vaish & Cheif Branch Manager Of PNB, Mr. Sudhir, Covers Different Areas Of The Budget. The

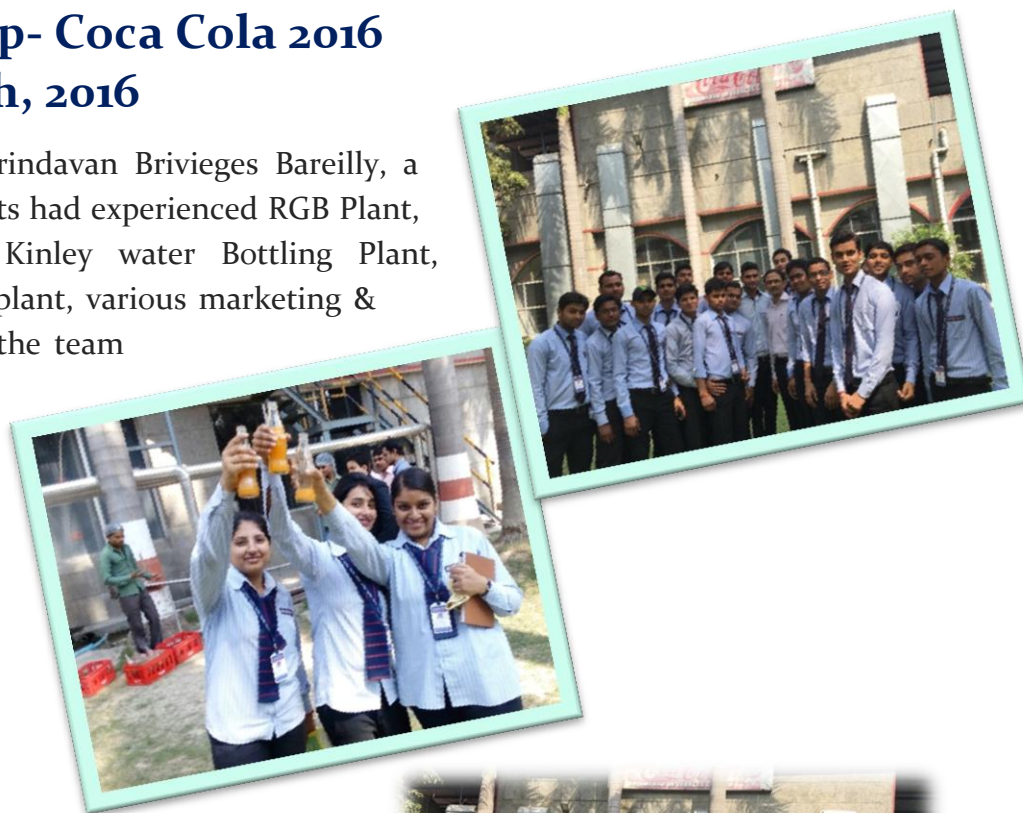

Management Run participation, organized by RMA, Bareilly 15th February 2016

The Management week 2016 was organized by RMA, Bareilly. Students of management participated in the Run & won various compitt. Like Poster Making, Rapid fire question round, Ad-Mad show, etc.

Industrial Trip- Coca Cola 2016 09th March, 2016

Students of BBA deptt. Visited Brindavan Briveges Bareilly, a unit of Coca Cola (Pvt) Ltd. Students had experienced RGB Plant, Mazza Plant, Bottling Plant & Kinley water Bottling Plant, Inventory management inside the plant, various marketing & HR Policies. The interaction with the team of Coca- Cola Ltd. enriched students with technical & practical aspect of plant.

Industrial Visit (B.Tech & Diploma)

An industrial visit of technical stream students was arranged on 11-03-2015 at Coca-Cola unit Bareilly. Students were given exposure to complete procedure of manufacturing unit along with concepts of packaging process. This technical exposure to the students was very knowledgeable as they came to know about the technical knowhow and the advancement in the technology which is presently being used by the company.

Industrial Visit (ME 3rd & 4th year)

An industrial visit of 3rd year and 4th year students of mechanical engineering was arranged at Izzatnagar railway workshop Bareilly on 13-March-2015. Students visited to various sections of workshop including Periodic overhauling section, Machine shop, welding shop, heat treatment and furnace section. Students learned about the importance of periodic maintenance of the various mechanical parts. Exposure to the students was very knowledgeable as they came to know about the technical knowhow and the advancement in the technology which is presently being used by the railway.

Rakshpal Bahadur College of Pharmacy organized a two days Industrial Trip to IMPCL, corporation Ltd. Mohan (Ramnagar)

The Students of B. Pharm IIIrd Year visited the Herbal Production plant on the first day. Mr. Prakash Bhatt, factory & production Manager, IMPCL provided the relevant information regarding the Herbal cosmetic products and their method of preparation. On 2nd day of tour the students visited the Allopathic Manufacturing unit of IMPCL including quality control, Production area and granulation area and at last visited Girjia temple.

According to Dr. Vikas Saxena, Director RBCP the industrial visit was very beneficial for the students as the students became more aware about the actual manufacturing processes of Industry.

Blood donation camp 4th April 2016

Blood donation camp was organized by Rakshpal Bahadur College of pharmacy on 4 April 2016 in association with Indian Medical association, Bareilly and supported by

Great Pharmacist Welfare Society, Uttar Pradesh. The program was inaugurated by Executive Chairperson of the institute Mrs. Veena Mathur and director Dr. Neeraj Saxena. On this occasion Dr. Vikas Saxena, Director RBCP explained the importance of blood donation and motivated the students to donate blood. A very good response and enthusiasm was seen amongst the students and around 120 units of blood were collected.

cancer Awareness Programme

Rakshpal Bahadur College of Pharmacy organized a Cancer Awareness Programme on 21 April 2016. The occasion was graced by two renowned personalities of medical field. The key speakers were Dr. Abhishek Singh (senior consultant- clinical oncology) and Dr. Piyush Agarwal (senior consultant-surgical oncology) from Gangasheel Cancer Institute Bareilly. The session started with the presentation by Dr. Abhishek Singh in which he revealed many unknown facts about cancer. He discussed that it's a myth that all cancer medications are expensive but some drugs like methotrexate are easy to afford and cost only 150/- . He also suggested that people should not avoid organ biopsy because it does not have negative effect on health.

Dr. Piyush Agarwal also motivated the students and encourage them to join the campaign "Fight Cancer". In his presentation he focused many general topics which often go un-noticed but needs attention. Like he discussed about taking care of oral cavity and made the people also aware about

cancer and its early symptoms. At the end of session Dr. Vikas Saxena, Director RBCP also explained that the motive of organizing such awareness programmes is just to generate awareness and save our society from cancer.

FAREWELL PARTY -2016

Farewell party 2016 was celebrated in Rakshpal Bahadur Group of Institutions. Junior students of the institute gathered to bid adieu to the outgoing students of MBA, B.Pharm, B.Tech, BBA and BCA. The Executive Chairperson Mrs. Veena Mathur gave her blessings to the final year students and wished them good luck for their future.

The junior students presented scintillating dance performances and the number of games were added to the fun quotient. The performances were cheered by the audience with resounding applause. Dr. Neeraj Saxena, Director of the Institute while addressing the outgoing students said that they should never forget the values that they have imbedded during the college days.

The day proved to be an amazing fiesta and at last all the faculty members of pharmacy, management, technology and IT wished good luck to the outgoing students.

Hindu New Year 2073 8th April 2016

Students of RBTTI celebrated Hindu Nava Varsha, Vikram Samvat 2073 (8th April 2016) in the department. B.Ed. students took an initiative to celebrate Hindu New Year. All the students and teachers wished to each other. Some of student speakers introduced how do people celebrate this day in different parts of India? Mr. Ambuj Chaturvedi spoke about the importance of Hindu calendar and how rural people follow this panchang. Mr. Piyush

student of B.Ed. gave a speech on how British followed our Hindu panchang to prepare the Gregorian calendar. Mr. Saurabh Ku. Sharma M.Ed. student recited his own written poem and further Rashmi Sharma M.Ed. student sang a Bhajan during this occasion.

Mr. Neeraj Ku. Verma B.Ed. student handled the responsibility to organize the programme and he also performed mimicry act. At last Mr. Ambuj Chaturvedi expressed vote of thanks to teachers and other participants.

ARTICLE UPDATES – “POWER OF IDEAS”

“Osteoporosis” – Risk factors and its Treatment

Osteoporosis is a bone disease affecting the bone structure and strength of bone, raising the risk of fractures. Bones may weaken to such a degree that a break may occur with minor stress or spontaneously. Chronic pain and a decreased ability to carry out normal activities may occur following a broken bone. Osteoporosis **can affect anyone** of any gender but women are at more risk. According to the National Institute of Arthritis and Musculoskeletal and Skin Diseases, osteoporosis statistics show a greater burden for women in the following ways:

- 68 percent of the 44 million people at risk for osteoporosis are women.
- One of every two women over age 50 will likely have an osteoporosis-related fracture in their lifetime. That's twice the rate of fractures in men — one in four.
- 75 percent of all cases of hip osteoporosis affect women.

Some risk factors for osteoporosis are out of your control, including:

- **Age.** The older you get, the greater your risk of osteoporosis.
- **Body frame size.** Men and women who have small body frames tend to have a higher risk because they may have less bone mass to draw from as they age.

- **Family history.** Having a parent or sibling with osteoporosis puts you at greater risk, especially if your mother or father experienced a hip fracture.
- **Hormone level.** Osteoporosis is more common in people who have too much or too little of certain hormones in their bodies.

Various medicines are available in market to treat osteoporosis. But ensuring adequate calcium and vitamin D intake in daily diet help to prevent the chances of developing osteoporosis.

By:- Mr. Rohit Saxena
(Assistant professor- Pharmacy department)

Modi's Radical Liberalisation

FDI, in non-economic terms, is all about letting foreign companies set up shop in India, either alone or by hooking up with existing Indian companies. The condition for foreign investors is to have an ownership right of at least or equal to 10% of shares in an investing destination like a company or industry for it to be considered as FDI. With this provision, investors also get voting rights and the right to interfere in management.

The NDA government recently announced, what it termed, a “radical liberalisation” of the Foreign Direct Investment (FDI) regime by easing norms for a host of important sectors including defence, civil aviation and pharmaceuticals, opening them up for complete foreign ownership. Here are the sectors that are getting 100 per cent FDI now:

Food Products manufactured/produced in India: 100% FDI under government approval route for trading, including through e-commerce, in respect of food products manufactured or produced in India.

Defence Sector: With the new changes in policy, foreign investment beyond 49 per cent has now been permitted through government approval route, in cases resulting in access to modern technology in the country or for other reasons to be recorded. The condition of access to ‘state-of-art’ technology in the country has been done away with. The FDI limit for defence sector has also been made applicable to Manufacturing of Small Arms and Ammunitions covered under Arms Act 1959.

Broadcasting Carriage Services: Teleports (setting up of up-linking HUBs/Teleports); Direct to Home (DTH); Cable Networks (Multi System operators (MSOs) operating at National or State or District level and undertaking up gradation of networks towards digitalization and addressability); Mobile TV; Headend-in-the Sky Broadcasting Service (HITS) have all been opened up to 100 per cent FDI. For infusion of fresh foreign investment in cable bet works beyond 49% in a company not seeking license/permission from sectoral Ministry, resulting in change in the ownership pattern or transfer of stake by existing investor to new foreign investor, FIPB approval will be needed.

Civil Aviation Sector: The present FDI policy on Airports permits 100 per cent FDI under automatic route in Greenfield Projects and 74 per cent FDI in Brownfield Projects under automatic route. FDI beyond 74 per cent for

Brownfield Projects is under government route. It has now been decided to permit 100% FDI under automatic route in Brownfield Airport projects. For Scheduled Air Transport Service/ Domestic Scheduled Passenger Airline and regional Air Transport Services, it has now been decided to raise the limit to 100 per cent with FDI up to 49 per cent permitted under automatic route and FDI beyond 49 per cent through Government approval. For NRIs, 100% FDI will continue to be allowed under automatic route. However, foreign airlines would continue to be allowed to invest in capital of Indian companies operating scheduled and non-scheduled air-transport services up to the limit of 49% of their paid up capital and subject to the laid down conditions in the existing policy.

Animal Husbandry: FDI in Animal Husbandry (including breeding of dogs), Pisciculture, Aquaculture and Apiculture was allowed 100% under Automatic Route under controlled conditions. It has been decided to do away with this requirement of 'controlled conditions' for FDI in these activities.

Pharmaceutical: The government already has 100 per cent FDI under automatic route in greenfield pharma and FDI up to 100% under government approval in brownfield pharma. With the objective of promoting the development of this sector, it has been decided to permit up to 74 per cent FDI under automatic route in brownfield pharmaceuticals and government approval route beyond 74 per cent will continue.

The Centre has radically liberalized the FDI regime, with the objective of providing major impetus to employment and job creation in India. This is the second major reform after the last radical changes announced in November 2015. Now most of the sectors would be under automatic approval route, except a small negative list. With these changes, India is now the most open economy in the world for FDI."

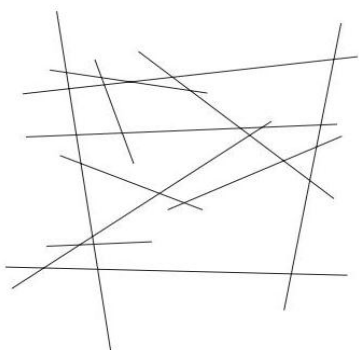

In any economy whose saving-investment ratio is low or is in a low-level equilibrium trap, FDI is considered as a master plan to deal with it as it will raise the current investment level, which will be helpful in capital building and ultimately generate output, employment and income. A higher growth rate is something which it is expected to achieve. India, in spite of being the third largest economy in terms of gross domestic product (GDP), has a low saving-investment ratio as a large number of its households live just above the poverty line and hence little savings are expected. So, India needs FDI not only for capital development but, more importantly, for technology for making our products more competitive.
